Election/Restrictions

1. Applicant's election with traverse of Group I in the reply filed on 4/22/05 is acknowledged. The traversal is on the ground(s) that some of the embodiments have similar structure, i.e. could be considered the same type of footwear. This is not found persuasive because the different embodiments have and disclosed different structures and therefore are different species of the same type of footwear.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 7-12 and 14-53 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 4/22/05.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 2, and 13 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Pickens (2343701).

5. Claims 1, 2-5 and 13 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by either Berg (2002/0078600) or Anderson (4314412).
